GEN. & REV. SECRETARIAT 323 JAN. 1929 DEVELOPMENT BRANCH.

DEWAN'S OFFICE. 5. JAN. 1929 No. 4465

Development Secretary:

Sericulture is an important industry in the Sidlaghatta taluk. The chief requirements to develop the industry to its fullest capacity are the establishment of a Grainage and a Silk-twisting School here. These requirements were also pressed on me by the local people . I enclose a note given to me by the Superintendent of Sericulture which contains his proposals under these heads. I shall be glad if the question is kindly worked up and put up to me for orders ~~early~~.

DEWAN.

Vide G.O. No. D. 9795-7 Sericulture 25-28-2925.5.29 re Sidlaghatta grainage. This Twisting School has been reduced to the Normal during the year 1929-30 Ser. 56-28-43 19.4.29.

The Director requests sanction for a sum of Rs. 15,060/- as detailed below:—

6000/- for Farm & Drainage building
2800/- Quarters for 1 Senior Insp.
1500/- for tools and plant
2240/- Establishment for seed campaign work
2520/- for additional staff, including 1 Senior Inspector on Rs. 100/-

D. 6230
Serl. 9 of 28-1.

9 In the case of the Sidlaghatta drainage, it has been decided to grant Rs. 7960/- as detailed below:-

6000/- Farm building
960/- Staff - (2 overseers on 25/- 1 clerk - 30/-)
1000/- Tools & microscope -

10 The Secretary thinks that one is at present no competent ~~man~~ in the dept. ~~to carry out the~~ to hold the post of Senior Insp. for drainage work. A further provision upto Rs. 7960/- may perhaps be made for the drainage at Mangalore also. This is also for orders whether provision may not be made for the next year.

as Mysore commands the richest silk tracts of the State - comprising the talukas of T- Narsipur, Chamarajanagar, Kanjangud & Yelandur. It is from this area that the filature in Mysore, and the numerous reeling establishments in Ugana, Mombalii, Channapatna, Kanakapura & Closepet derive a large portion their cocoons.

11 If a grainage is sd at Mysore, the same establishment as at Sidlaghatta shd suffice - as there is already an Insp posted there in consequence of the transfer of Kenchatti farm to Mysore. The Dept shd have a ready pool Insp there - & the ablest available man maybe chosen. The paucity of men of sufficient general education for the higher posts is very apparent at this juncture. I think it high time the Dept was given one or two graduate Insps, to be recruited directly to the 1st grade as Probationers who could ultimately be made Senior Insps.

12 The costs starting a grainage at Mysore would be Rs 8000* (approxly as at Sidlaghatta, & maybe provided in the budget for 1929-30. As no suitable building is available there one has to be constructed

Demonstrations with Mysore Domestic Unit were conducted at Siddlaghatta.

The silk produced in the Taluk is of fairly good quality ans is sent direct by the 'Kotis' at Siddlaghatta to Hubli, Shampur, Gadag and Bagalkote.

It is expected that about three more five basin Mysore Domestic Units will be purchased and installed at Siddlaghatta and Melur in the course of the next two or three months.

A mulberry tope has been raised in the gardens attached to Siddlaghatta Farm to demonstrate the usefulness of raising topes to the raiyats.

Sericultural ~~&~~ loans have been sanctioned in this Taluk as noted below:-

3 loans of Rs.1,350/- in 1926-27
2 " " " 750 in 1927-28
1 loan of Rs.1,000/- in 1928-29.

Sericultural Co-operative Societies have been started at Melur and Siddlaghatta. The following statement gives an idea of the work turned out by the Societies.

	1926-27		1927-28		1928-29 (up to end of 23-12-1928)

Melur	28	-	26	-	-	200

An aided Grainage has been started by Mr.C.Reddiappa at Siddlaghatta. Mr. Hampaiya has been working a five basin domestic unit at Siddlaghatta. Government have sanctioned a Reeling School to train reelers in the Domestic Basin at Siddlaghatta.

The First Kolar District Sericultural Conference was held at Siddlaghatta during December 1927.

Government Silk Farm, Siddlaghatta.

Staff. One Inspector

One Operative.

This Farm has been in existence for over ten years and has been helping sericulturists in the area with disease-free seed and technical advice. The rearings are conducted in a rented

building.

Requirements.

Sidlaghatta is situated in a central position and can be reached by the sericulturists of Siddlaghatta, Chikballapur,- Chintamani and Devanhalli Taluks. There is a grainage now at Kolar but another grainage at Siddlaghatta is very necessary to cater to the people in the locality.

Arrangements have been made to conduct grainage operations at Siddlaghatta on a small scale as the present rented building is not quite suited both for rearing and grainage operations.

The question of constructing a combined grainage and rearing building at Siddlaghatta has been pending for a long time. A site for the building was acquired about 4 years ago. Government have in G.O. No.D.3804/Seri.73-27-4 of 1st October 1928 instructed the Superintendent of Sericulture to provide for the building in the budget ~~x~~ for 1929-30. This building is absolutely necessary. As the Farm building will be constructed just outside the town and as the work demands the presence of the staff at all time of the day and night, due provision should be made to construct quarters for the staff also near the Farm - Building.

Siddlaghatta produces a large quantity of fairly good silk. Many of the silk merchants are anxious to twist the raw silk and send the same to consuming centres. The question of starting a training class to teach people twisting work is pending before Government. The presence of a large number of trained people would be very advantageous to the silk industry at Siddlaghatta. Additional staff should be posted to do intensive propaganda work in the area.

The following amounts are required for attending to the above itmes of work:-

1.	Combined Farm and Grainage building at Siddlaghatta	About Rs.6,000/-
2.	Quarters for the staff	" " 4,500/-
3.	S t a f f:-	
	One Senior Inspector on Rs.100/- per mensem	1,200/-
4.	Two Inspectors for propaganda work	

on Rs.45/- per mensem each		Rs.1,080/-
5. Grainage Staff - One clerk on Rs.35/- per mensem, and two Operatives on Rs.25/- per mensem each ...		" 1,020/-
6. Travelling allowance ..		" 800/-
7. Tools and Machinery for grainage		" 1,000/-
8. For running Silk Twisting Classes to train about 40 people ..		
Scholarships at Rs.6/- each per mensem for 3 months	Rs.720/-	
Pay of teachers.r. Rs.50/- per mensem for 3 months ...	" 150/-	
Applicances	" 200/-	
To make up for losses incurred by beginners	" 300/-	
Contingencies	" 130/-	
		1,500/-
Grand total ...		Rs.17,100/-

About Rs.17,000/- would be required. Of this, Rs.13000/- would be outright expenditure and Rs.4,000/- would be recurring expenditure.

Sericulture is a very important subsidiary occupation of the raiyats in this as well as the surrounding Taluks of Chickballapur, Chintamani and Devanahalli. Some substantial work to improve the industry can be done with the financial assistance noted above.

DEVELOPMENT BRANCH.

OFFICE OF THE DIRECTOR,

Dated, Bangalore, 28th February *192* 9

FROM

C. RANGANATHA RAO SAHIB, ESQ., B.A., B.L.,
Director of Industries and Commerce in Mysore,
(Bangalore, India.)

To

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Development Departments, Bangalore.

SIR,

With reference to your letter No. D. 8391/Seri. 82-28-2 of the 18th Feb. 1929 suggesting that grainages may be provided both at Sidla-ghatta and Mugur during this year, I have the honor to state that detailed proposals regarding the establishment of a grainage at Sidlaghatta have been submitted in my letter of the same No. of the 28th Jany. 1929. The recommendations made in that letter in regard to - building, staff, tools and plant, and establishment for Seed Campaign work will hold good in respect of the grainage at Mugur also with the exception that no quarters for the Operatives will be required at -- Mugur as private buildings can be had on rent. It will only be neces-sary to erect a combined farm and grainage at a cost of Rs 6,000/-, and Living quarters only for the Senior Sericultural Inspector at a cost of Rs 2,800/-. The total expenditure on buildings will only be Rs 8,800/- as against Rs 12,800/- in Sidlaghatta. I enclose a statement showing the detailed expenditure required on buildings, staff and -- tools and plant. The capital expenditure will be Rs 8,800/- on build-ings and Rs 1,500/- on Tools and plant. The recurring expenditure on staff of the grainage as well as the staff required for Propaganda and Seed Campaign Work will be Rs 4,760/- per annum. I request that the total sum of Rs 15,060/- proposed above may kindly be sanctioned.

The Superintendent of Sericulture has been requested to submit proposals in respect of Seed Cocoons, Labour and other miscellaneous items that will be required for working the grainages at Sidlaghatta

and Mugur and a recommendation will be submitted to Government on receipt of his report.

I have the honor to be,
Sir,
Your most obedient servant,
P Ranganatha Rao
Director.

Seri. S2-28-4

Proceedings of the Government of His Highness the Maharaja of Mysore.

--oOo--

R e a d -

Letter No.D_4-818-28, dated the 28th February 1929 from the Director of Industries and Commerce in Mysore, submitting proposals for the establishment of a grainage at Mugur, T.Narsipur Taluk.

***

O r d e r No. D. 11144-5

Dated, Bangalore 29/4/29

The Director of Industries and Commerce has submitted proposals for the starting of a grainage at Mugur at a cost of Rs,15,060. Government agree with the Director that the establishment of a grainage at Mugur is very important and necessary, as Mugur commands some of the richest silk tracts of the State and are hereby pleased to - sanction it.

The Director's proposals include provision for —

(i.) the construction of quarters for one Senior Inspector and a building for a combined farm and grainage;

(ii.) equipment such as tools and plant;

(iii) S t a f f;

& (iv) Establishment for propaganda and seed campaign.

Government consider it necessary to provide a - building for the grainage, as no suitable accommodation is available at Mugur. They think it unnecessary to appoint a Senior Inspector for the present. A competent Inspector should be posted to the Mugur Farm, so that he might be able to attend to the grainage operations, with the staff of two Operatives and a clerk* that will be provided. The proposed establishment for seed campaign is also unnecessary. Government therefore think that it is sufficient to sanction a sum of Rs.7,960/-

Orders 29/4/29

C. RANGANATHA RAO SAHIB, Esq., B.A., B.L.,
Director of Industries and Commerce in Mysore,
(Bangalore, India.)

To

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Development Departments, Bangalore.

SIR,

With reference to Government order No. D. 11144-5/Seri 82-28 -4 dated the 29th April 1929 sanctioning the construction of a -- Grainage Building at Mugur, I have the honor to state that it is necessary to acquire about 3 acres of land for constructing the - building. The cost of acquisition is proposed to amount to -- Rs 1,500/-.

As the Government Mulberry Garden at Mugur has at present no irrigation facilities, it is desirable that a borehole should be sunk in the garden. Another borehole will be necessary on the - Farm premises to supply water required for Farm and Grainage work. The cost of the two boreholes with pumps and other accessories will amount to Rs 3,000/-.

I request that the total sum of Rs 4,500/- proposed above may be kindly sanctioned and ordered to be included in the budget estimates of the Sericultural Department for the year 1929-30.

I have the honor to be,
Sir,
Your most obedient servant,
C Ranganatha Rao Sahib
Director.
